About Me

Called 'Introduction' on phone view

Hi there, I'm Susan and I'm thrilled to be a part of the Good For You Club community! I joined this amazing group because I wanted to help others find friends whilst participating in new, or old, activities, as I have done. I believe there is something out there for everyone. This journey will give you back ten-fold of what you put in. Another thing I believe in is the power of encouragement. I love to support others to pursue their passions and be their best selves. And the bonus is? I too will make new friends along the way.

## Step 5
